ITEM No.1 TO CONFIRM THE MINUTES OF  
THE 37th MEETING OF THE BOARD OF TRUSTEES

4. It was observed that an objection regarding recording of his views in the minutes was communicated to the Board Secretariat by Mr. Khaliq Ahmed Khan, Joint Secretary Labour. The President desired that the views as communicated by the member be incorporated in the minutes of the last Board meeting and then the minutes were confirmed.

5. Mr. Javaid Saifullah informed the Board that about two years back at his initiative it was decided that the meetings of the Board will be held in the provincial capitals by rotation but the meetings are always being held at Karachi. Mr S Barkatullah explained that the Institution did not have the necessary logistics to organize Board meetings in the provincial capitals. After discussion, it was decided that in future meetings of the Board will be held in Karachi and Islamabad, but the Budget meeting would be held in Karachi.

ITEM No.2 TO CONSIDER PROGRESS ON THE DECISIONS  
TAKEN BY THE BOARD IN ITS LAST MEETING

6. The President desired to know the progress made on the decisions of the Board recorded at para 13 of the minutes of its last meeting. Mr.S. Barkatullah informed him that the management had offered a package of a 26% overall increase in emoluments of the staff which was not accepted by the CBA. The Board, however, allowed an overall increase of 28% which was communicated to the CBA as the final offer. The CBA requested for some time so that the offer may be discussed with their members. Simultaneously, they approached the Minister of State for Labour who advised them to accept the managements final offer. He further informed the Board that perhaps the Package offered by the management had not been appreciated in its true perspective by the employees and if the employees knew the correct position of the package offered by the management, the charter of demands could be settled amicably.

7. Mr Nabi Ahmed expressed the view that 28% overall increase as against 35% given by the government to its employees was confusing and needed to be explained. Mr. Anwar Ali Khokhar

agreed with him, stating that it would be difficult to convince the ordinary workers who would obviously consider 35% given by the government to be more than the 28% being offered to them by the management. Mr. Arshad Tanveer stated that the F & A committee had agreed to 26% which was raised by the Board to 28% which is a very good package. Giving any further increase now would not be proper. Mr. Javaid Saifullah expressed the view that these are the times when unemployment in the country is rampant, many industries are in trouble and are closing down. The package offered by the management is more than reasonable and if the CBA still does not agree, they could go to the NIRC for adjudication. Haji Muhammad Rafique expressed the view that the NIRC may even reduce the package offered to the CBA in adjudication on consideration of the terms and conditions prevailing in other similar organisations. Mr.S. Barkatullah expressed that generally the behaviour of the employee has been cordial and with a little more education, arriving at an amicable settlement could be possible.

8. THE BOARD decided the clarification to be issued as Annex-A and if the CBA still did not accept the offer, the matter should go to NIRC for adjudication.

ITEM NO.3 TO EVALUATE PERFORMANCE OF THE INSTITUTION  
DURING THE PERIOD JULY - OCTOBER, 1994

9. While item 3 was being considered, Mr Javaid Saifullah pointed out that the number of registered employers was shown as 31,165, whereas contribution was paid by 13,392 employers only. He said that this reflected that recovery of contribution from employers was not satisfactory. Mr S. Barkatullah explained that actually the employers do not always pay regularly every month. Some may pay contribution with arrears after two or three months, and thus the number of employers paying in a certain month appears to be less than the number registered. Out of the total number registered, some are seasonal and do not operate round the year, and some of them are now non-existent but have not yet been deregistered. Thus, the number of paying employers in a particular month does not depict the correct contribution collection position; however, it will be seen the contribution collection target given by the Board has not only been achieved but excelled.

10. Mr. Nabi Ahmed was of the view that the number of registrable employers should be counter-checked from various other sources, viz., registration under shops & Establishments Act, factories Act, Education cess paid to the Income Tax department and other government departments. Alphabetical lists can be obtained from such departments for comparison with employers registered with EOBI. Mr. Ashraf Nadeem stated that he had tried to obtain a list of registered employers with SESSI as well as from PESSI for this purpose, but without success. Mr. Arshad Tanveer said that he was on the De-Registration committee of the Karachi Zone and his experience was that necessary information did not come from the Labour Department and the committee had to rely on the Executive Officer's report. Mr. Anwar Ali Khokhar stated that there appeared to be lack of coordination, otherwise there should not be any difficulty in obtaining such information.

11. After some more discussion, the Board constituted a special Committee comprising of the following:

<u>Secretary Labour, Sindh</u>	<u>Convenor</u>
<u>Employers' Representative, Sindh</u>	<u>Member</u>
<u>Employees' Representative, Sindh</u>	<u>Member</u>
<u>Director General, EOBI</u>	<u>Member</u>

for obtaining necessary information with regard to registrable employers at Karachi from various departments and matching them with those registered by EOBI. The special Committee was advised to complete its assignment expeditiously and put its report for information of the Board.

ITEM No.4 TO CONSIDER PURCHASE OF WAPDA AND KESC BONDS FROM NIT

12. Mr Irfan Husain informed the Board that in order to solve the liquidity problem of WAPDA, a special issue of WAPDA Bonds of 5 year maturity period was to be floated with a return @ 15.5% per annum, and by a directive of the Finance Division, EOBI was required to subscribe Rs 500 million. The matter was considered by the Investment Committee of the Board in its 16th meeting held on 28-09-1994 and the committee was of the view that in order to purchase WAPDA Bonds the Institution would have to encash its investment in PICIC incurring a loss. In order to purchase these Bonds, the committee felt that the government should be requested

to release its outstanding contribution to EOBI as early as possible. The features of the Bonds were not available at that time and the " Letter of Comfort" was also not issued. The convertibility ratio of the Bonds was also not available , and EOBI had sought a clarification in this regard from the Finance Division which is still awaited. However, in the meantime a fax message has been received from Deputy chairman, planning Commission on 23-11-94 requiring EOBI to purchase further WAPDA Bonds as well as KESC Bonds from NIT to the extent of Rs 500 million each.

13. Mr Arshad Tanveer stated that the proposed investment of the desired amount would be against the EOBI investment Rules since it would exceed the limit of 2.5% of the portfolio. Moreover, there has been no working on the KESC Bonds as yet. He further said that as already pointed out in the last meeting, the Institution should not be made to suffer a loss by disinvesting at this stage for investing in WAPDA and KESC Bonds.

14. Mr Javaid Saifullah was of the view that if NIT has to get liquidity of one billion, the proper course would be to sell the shares held by it in the Stock Exchange and if considered profitable , EOBI should purchase these shares. In fact, EOBI should enter the stock market on a large scale to maximise its yield.

15. Mr khaliq Ahmed Khan was of the view that the difficulties foreseen by the Institution may be brought to the notice of the government.

16. After some discussion the Board decided that the Institution should prepare a summary containing the following:-

- i) The incoming resources may be diverted towards investment in WAPDA and KESC Bonds from NIT and dis-investment of its funds causing loss of investment income may be avoided.
- ii) The government contribution matching grant may be expedited and may be utilised for purchase of WAPDA/KESC bonds.
- iii) An amendment/relaxation in the investment rules be obtained before making the investment.
- iv) The conversion ratio for WAPDA bonds may be obtained

Institution has 9 programmers, 2 of whom are in the grade of Deputy Director and designated as Programmers, whereas 7 are in Assistant Director grade and designated as junior. Programmers. The designation of junior Programmer gives an impression of inexperience, whereas these programmers's are working in this capacity with the Institution for the last 8 years and have written a number of complicated programmes and have gained considerable experience. He, therefore, requested the Board that the posts of ' Programmer ' and ' Junior Programmer ' be redesignated as ' Senior Programmer ' and ' Programmer ' respectively. The proposal is for redesignation of the posts only and will have no financial implication.

27. The Board agreeing with the proposal and decided to redesignate the existing posts of ' junior Programmer ' as ' programmer ' and the existing posts of ' Programmer ' as ' Senior Programmer ' w.e.f. 01-07-1994.

ITEM NO.12 ANY OTHER ITEM WITH THE PERMISSION OF THE CHAIR

28. Mr.S. Barkatullah requested for permission of the President to present some other items for consideration of the Board which was accorded.

ITEM No. 12-A

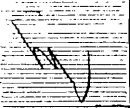

29. Mr.S. Barkatullah informed the Board that Mr. Ghulam shah, Naib Quasid, had undergone operations twice and had to take medicines under advice of the authorised medical attendant for post operation treatment. His entitlement for outdoor medical treatment including medicines is only Rs 2,600/- per annum . treatment could result in total blindness. He, therefore, immediately proceeded to London for necessary treatment on his own. After his return from London, he requested for re-imburement of his medical expenses. The Medical Attendance Regulations of the Institution do not provide for specialist treatment abroad and even if it could be considered, prior sanction from government would be necessary. As he had proceeded for treatment abroad without obtaining prior sanction for the purpose, the cost of travel abroad is not at all admissible. However, since it was a genuine emergency in which he had proceeded abroad, it was proposed that the Board may allow re-imburement of the cost of medicines and radiological and pathological tests carried out during the course of his treatment to him as a very special case.

32. The Board decided not to allow the cost of air passage to London as he had proceeded without obtaining prior approval from the government however, in view of the fact that emergency treatment was required to save him from total blindness and in any case if he had taken medical treatment for the same in Pakistan, taking necessary radiological and pathological tests and use of medicines would have been required, as a very special case, the Board allowed the re-imburement of the cost of such tests and medicines only, not exceeding Rs 20,000/-
